

Software Error Notification

Form 3.5.1 Revision: 2 Effective: 11/21/03 Pg. 1 of 1

Error Notice Identification Nu	ımber: _ 15	Page _1 o	f1
Software Name:	DTRAD		
Versions Affected:	3.03		
Error Classification: X	Safety-Related I	Non Safety-Related	
Description of Error: When using the natural deposition User input option, if the User does not specify a set of aerosol deposition values the code fails.			
Assessment of error: This error is terminal.			
Software Program Manager:	Terry Heames Printed/Typed Name	Signature	August 22, 2006 Date
SW Point of Contact:	Terry Heames Printed/Typed Name	Signature	August 22, 2006 Date
Corrective Action: If a user has a scenario where they only have Elemental Deposition they should add a small value for the aerosol removal coefficient, for example a value of $1.0x10^{-5}$ per hour will typically allow less than a gram to deposit.
